## Project Description

The Oscar G. Johnson VA Medical Center created a History Committee which resulted in gathering documents and photos as far back as 1948. The committee created a decade timeframe which highlights the history during each 10 year period since the opening of the hospital in 1950. The project consist of 10 panels which outlines the rich history of Veterans Health Administration and the history of the local Oscar G. Johnson VA Medical Center. The committee has sample panels to review for this project. The anticipated outcome would be that proofs will be created for each panel. Local history and photos will be provided by the History Committee. The photos and newspaper articles may need restoration for panels. The content for the panels will be provided by the committee - intern is needed to create the design for panels and develop a template to present for publishing.
